# WHAT'S ON THE PRESIDENT'S MIND

EMC PRESIDENT | DARRELL SCHWARTZKOPF

## NEXT MEETING Friday, May, 3rd Larry Miller Ford

6th & Simms  
11595 W 6th Ave,  
Lakewood, CO 80215

at 6:00 pm

### A Fantastic new way of Communicating with the Club is on its way.

Jon Medin explained in detail a web based system called Middletwin that was created by a Car Guy/Computer Engineer in Minnesota that in a nutshell will allow us to do so many wonderful things to better our communication: organize events, creating and maintaining membership rosters, easier financing, creating an online store, automatic membership renewals, automated reminder emails, registration/judging capabilities for Horesefeather Car Show and so many other things along with many reports and ways of tracking data. The members at the April meeting unanimously approved the expenditure to purchase this system and we will do our best to get it up and running just as soon as possible.

We had a guest speaker, Mark Gomez, who is a previous member of the EMC, current member of the DMC and is very active in the Mustang/car community. He spoke about a Charity that he and his family created after the passing of his wife about 1 ½ years ago. Cathistable provides financial resources to disabled and special needs organizations and individuals for therapies, job training and underfunded qualified expenses. Please check out their website for more information and if you so desire, donate to a great organization. [www.cathistable.org](http://www.cathistable.org)

A couple of members to keep in your thoughts/prayers and well wishes. Bob Bettinger is battling Cancer and has finished radiation treatment and doing well. We hope to maybe see him at our May Meeting. John and Karen Pietsch will be moving out of state for a job opportunity, we wish them well and definitely will miss them, Good Luck!

Two great events planned for this month which we hope you all can attend. See additional information later in the newsletter and on our website,

April 20th – National Mustang Day Cruise in the foothills/mountains, Car Collection tour and Lunch gathering. April 27th – Gateway Caffeine and Chrome car show and Charity fund raiser. June 29th – Fundraiser for Cathistable Charity – Photo Shoot with a P51 at Rocky Mountain Airport at 10:00a.m. - \$20 suggested donation, all funds go to the charity that we heard about at our April Meeting.

As we get into Spring and car show season, get those cars out of the garage, drive safely and have fun!

Darrell

## VEHICLE RECALLS

Bob Cloutier

I wanted to send you some info on where to go to check for vehicle recalls. Most people should know but at times since not really something important to them, they just don't.... in any case the website is: [NHTSA.gov/recalls](https://www.nhtsa.gov/recalls)

When you go there just put in the vin of your vehicles and the info regarding it will pop up within 10 – 15 seconds.... Now if the vehicle is 20 years old... probably won't show anything... but for anything newer if something is outstanding you will see. Something everyone should check on at least once a year.

## HELLO RMMR PATRONS!

Many of us Mustangers enjoy a little friendly competition. We have decided to provide awards for first, second, and third places in each class. So tune up your Mustang and tune up your skills!

Also, we wanted to remind you that there is a SCCA Solo Autocross School

Event on April 24th. Please be aware they fill up fast! <https://www.rmsolo.org/schedule/>

RMMR Autocross is one of the largest Autocross events in Colorado and one of the few that breakdown classes for Mustangs of different years and modifications. RMMR Autocross has long been an event that welcomes drivers at all different experience levels. Many patrons did their first Autocross at RMMR because they found it's an environment where you get a lot of support.

There are a lot of reasons to do an Autocross with the "fun factor" being at the top of the list. Another important benefit of an Autocross is you gain a keen understanding of the handling capabilities of your car.

If you have any questions about the Autocross, please don't hesitate to ask your fellow Mustangers on our Facebook page. We are more than happy to address any questions you have. <https://www.facebook.com/rockymountainmustangroundup/>

Hope to see you on the course!

## FORD TEASES 60TH ANNIVERSARY EDITION MUSTANG

Ford's saving the main reveal for the exact anniversary in April

NEW YORK – Ford may have revealed the original 1964 Mustang in New York, but it's not showing the 60th anniversary car there. Instead, all Ford is providing is a teaser of the special edition car, and all it shows is the badging.

As you can see, it will consist of pentagonal badges in red and black that will be featured on the tail and fenders. They'll replace and incorporate aspects of the standard badging such as the "5.0" fender numbers and "GT" on the rear of the main V8 trim.

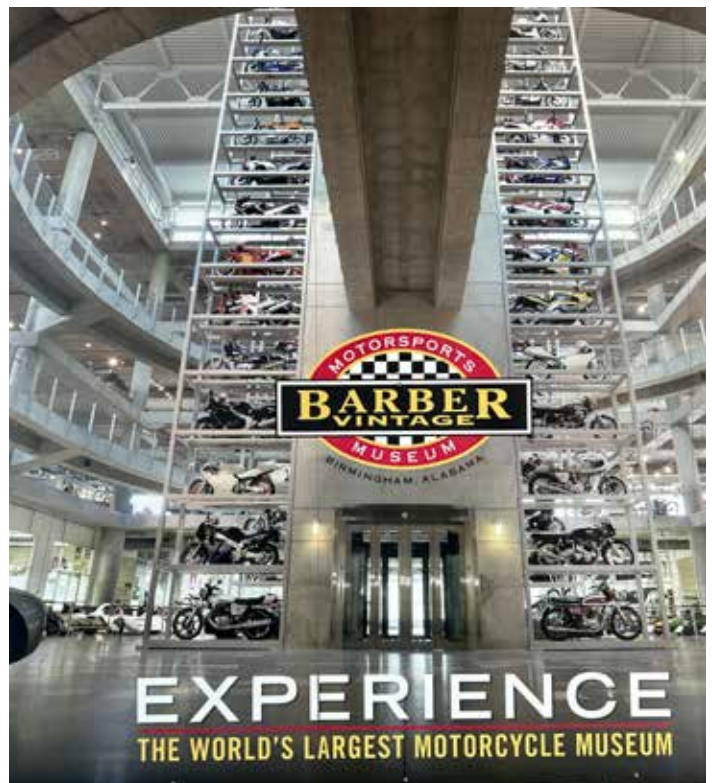

Ford further noted that it will strictly be an appearance package. Presumably available both on the GT and the Ecoboost four-cylinder models, though Ford didn't specify.

We won't get to see the actual car until April 17, the same date the original Mustang was revealed six decades ago. The reveal will be at Charlotte Motor Speedway. At the event, attendees will get to see various modified and racing Mustangs, and go for ride-alongs on the track.

## MCA MUSTANG 60TH ANNIVERSARY SHOW

Few pictures of the Mustang 60th from Denny Lobben's Trip to Barber Motorsports Park in Alabama. Brian Albee, Mike Bellio also made the trip the MCA Mustang 60th Anniversary. Mustang fans from around the world including Finland, Australia, Switzerland, Aruba.
